

Dublin Conservation Commission

DRAFT MINUTES

September 21, 2022

5 PM Town Hall

Members attending: Jay Schechter, Katie Wardlaw, Maria Finnegan, June Brening, John Morris and Chris Raymond (Select Board representative)

Finances. Jay reports: General Fund \$4,749.24, Land Acquisition \$70,272. Jay met with Selectboard on 9/12 trying to not increase budgets this year. Grants would be good. Budget Meeting w SB on 10/3 @ 5:00pm

No report on open space this month.

Katie Wardlaw said she met with Roger and Chris regarding bank stabilization and they will proceed with water bars but delay plantings as it is too late in the year. Katy will speak to Spencers to inform them about work on lake front and ask what type of work they did to control invasive plants on their property.

Jay reported that they will be doing chipping at Rotary Park next week. The flora and fauna document has been completed and Jay envisions having a copy at town hall and a water proofed copy at the park.

Jay handed out samples of buckthorn baggies. The Commission suggested distributing samples at town meeting. Individuals could then order more if they want. Instructions should be included with any handout.

Katie reported that the Planning Board is hiring a consultant to help with Master Plan updates. This would drive any ordinance change decisions.

Katie asked if there was a map of aquifers in town. John said he thought we had a Natural Resources Inventory document which has that map, and others.

Adjourn at 6:07 PM

Respectfully submitted, John Morris, Secretary
