Dublin Conservation Commission 2019-04-27
Site Visit, Mud Pond Dam, 9 AM

Attendance
    Rusty Bastedo
    Sue Bird
    John Morris
    Katie Featherston

Commission members met at 9 AM to perform a site visit of the Mud Pond Dam to gather information for ongoing discussions on the condition of the dam and possible repairs to the dam.

The commissioners walked to the dam and observed conditions at, around and below the dam.

In addition, the commissioners were informed of an application by the Dublin School to install a snow making pond. The commissioners decided to pursue having this application raised at the next scheduled meeting, with a possible site visit in advance of the meeting.

The commissioners adjourned at 9:55 am.

Respectfully submitted,

John Morris
